LightFair 2020 Is Postponed.

LightFair 2020, originally scheduled for May 3–7 in Las Vegas, has been postponed due to the growing concerns around Covid-19, which has now been declared a pandemic. New dates for the show are under consideration and will be announced soon. However, keep in mind that the situation around Covid-19 remains fluid and is changing every hour. The course it takes will play a role in our final decision.

There is no question that your safety and wellbeing come first. As you know, this was, and continues to be a fast-developing situation. We have been monitoring the official updates and deliberating on the best course forward.

We regret the inconvenience this decision may cause you. We hope the fact that our announcement comes seven weeks prior to the planned show dates alleviates the disruption to your travel plans.

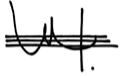

You probably have questions.

As you can imagine, we are in the process of working out the details and may not have all the answers at the moment. Our teams will be standing by to address any specific concerns or questions in the coming days. Thank you for your patience and understanding as we work through this unforeseen development as efficiently as possible.

This is yet another test of our resilience and ability to pull together as an industry and community in the face of adversity. We have no doubt that we will emerge stronger.

Please be sure to sign up for email updates on lightfair.com and connect with us on social to stay in the know.

Stay healthy, stay safe. We look forward to meeting you soon!

Douglas Leonard Jr., IALD
President
International Association of Lighting Designers (IALD)

Jennifer Jaques, LC
President
Illuminating Engineering Society (IES)

Dan Darby
Show Director/ Senior Vice President
