

Munden Enterprises is pleased to announce the addition of BIOS Lighting, an industry leader in LED lighting for plants.

## THE ONLY GROW LIGHTS DESIGNED BY NATURE

At BIOS, we start with a complete understanding of the plant's biological needs and work backward. Through this biology first approach, we are able to develop lighting solutions that help plants flower better and yield more while also reducing energy usage and increasing overall ROI.

The only true industrial-grade grow lights, BIOS Agriculture Lighting Solutions are:

Fully assembled and  
Industrial grade

IP65 Wet-rated

Plug and play  
configuration

Simple to clean in place

The perfect light  
spectrum

OPTIMIZED LED GROW EFFICIENCY  
CUSTOMIZED FACILITY LAYOUT  
COMMERCIAL CANNABIS GROW LIGHTS  
OPERATIONAL SUPPORT AND MONITORING  
PLANT-RESEARCHED SPECTRUM
